MONEY, STOCKS AND GRAIN

Increased Supply of Money in Wall Street Produced Better Prices.

Speculators Who Have Been Playing the Short End of the Share List Turn to the Bull Side—Indianapolis Cereals Active.

THE BOND MARKET.

Railway and Miscellaneous Issues Closed with a Firmer Tone.

At New York, yesterday, money on call was easy at 4 to 6 per cent, the last loan being made at 5 per cent, closing offered at 5 per cent.

Prime mercantile paper, 6 to 10 per cent. Sterling exchange was firmer, with actual business in bankers' bills at 48 1/2 to 49 1/2 for sixty days, and 48 3/4 to 49 1/4 for demand.

The silver market was firmer, with sales of certificates at 73 3/4 to 74, closing at 73 3/4 to 74.

Lower quotations from London caused a rather irregular opening of the New York stock market yesterday, but outside of Louisville & Nashville, which dropped 2 1/2 per cent, to 57, there were no declines to speak of. The increased supply of money on call and the fact that a moderate amount of funds was offered on time led to purchases of stocks for both the long and short accounts. Some of the bears attempted to cover while certain operators who recently espoused the short side took the bull side.

The demand for the long and short accounts was not without repeated attempts to bring about a reaction nearly every day, but the improvement in everything on the list showed a net gain for the day. The improvement in everything on the list showed a net gain for the day.

The following table, compiled by Bradstreet's, gives the clearing house returns for the week ending July 13, 1893, and the percentage of increase or decrease as compared with the corresponding week last year.

New York.....\$561,558,567 Decrease, 11.2
Chicago.....85,960,936 Decrease, 17.4
Boston.....85,475,022 Decrease, 12.7
Philadelphia.....1,000,000 Increase, 7.1
St. Louis.....21,775,093 Decrease, 15.0
Baltimore.....14,708,275 Decrease, 1.3
Pittsburg.....11,445,570 Decrease, 18.3
Cincinnati.....4,960,522 Decrease, 8.0

Total clearings in the United States for the week amounted to \$1,000,000,000, being a decrease of 12.5 per cent. Total exclusive of New York was \$433,821,110, a decrease of 14.2 per cent.

LOCAL GRAIN AND PRODUCE.

Summer Business the Leading Characteristic in the Wholesale Markets.

On the wholesale streets there is little new to learn. Trade is dull, and it is expected to remain so through the month and part of August. In staple groceries, provisions, produce, fruits and vegetables firm prices rule, and are likely to all the season as there is a scarcity in nearly all these lines. The Eastern demand for poultry is unusually good for July. On Commission row an unusual amount of business is in progress for midsummer, and at the prices goods are selling at commission men are making money. There seemingly is no overstock of anything unless it be green beans and beans. Some very good green beans are coming in from the West, and sell at 2 to 2 1/2 as it comes. Irish potatoes are not so plentiful, and higher prices are indicated.

The local grain market is in better shape than three months ago, but not as active as in June. With the easing up of the money market the shipments are increasing, but are by no means as heavy as at the corresponding period last year. The attendance on Chicago to trade for grain is not what it should be. Track bids yesterday ruled as follows:
